TERMS AND CONDITIONS

- Our offer is valid for **14 days from the date of this document.**
- A **36 month** warranty applies on the **Recovery Tag.**
- A **12 month** warranty applies on all **Vehicle/Fleet Monitoring Solutions.**
- Tracetec will invoice directly for the hardware and monthly subscription fees.
- All prices are quoted in South African Rand and **inclusive of VAT.**
- The client is limited to 5 alert activations per month, generated by early warning or the panic button. Additional fees may be charged for false activations.
- The Standard Tracetec Terms and Conditions apply.
- The Standard Tracetec Terms and Conditions may be found on www.tracetec.net

Tracetec has the right to amend the terms and conditions from time to time as required.

IMPORTANT NOTICE:

To ensure peace of mind for your clients we utilize our Tracetec Recovery Tag as our primary solution for recovery. Our Recovery Tag is difficult to locate and remove as it is a small and compact device that can be installed almost anywhere in the vehicle. The device also has its own battery and is completely wireless, which makes it untraceable. It is this client's responsibility to call in to test their Recovery Tag regularly. Unlike GSM/GPS monitoring devices, the RF recovery tag will not receive any signal interference by cellular jammers, making it suitable for the recovery of stolen assets. Contact info@tracetec.net for information on Tracetec Recovery.

I hereby request Tracetec to proceed with the above order.
